FASHION AND BEAUTY
LOGISTICS

Businesses in the highly competitive fashion industry demand precise timing and zero-damage shipments from logistics operators.

Asstra Fashion and Beauty division is ready to offer you optimal solutions for the transportation and storage of light industry products.

Years of successful cooperation with international manufacturers and distributors of clothing, accessories, and shoes have given Asstra a deep understanding of light industry practices – such manufacturing in remote Asian countries – as well as the volatility of the market and its short collection lifecycles.

Experience and excellent qualifications allow us to consider all the unique features of the industry and provide you with services meeting the highest standards.

WE OFFER:

Delivery of cargoes from Europe to the CIS;

Consolidation of cargo in Europe and China;

Efficient distribution of goods within the destination country;

Cargo insurance;

Transportation of cargoes in specialized transport equipped with hangers;

European warehousing services including:

- applying stickers,
- labelling according to EU regulations,
- sorting cargo,
- repackaging,
- preparation and labeling.

WE GUARANTEE:

Fast delivery times;

Steady temperature maintenance;

Simple and fast customs clearance procedures.

The successful transportation of cosmetic products depends on a process involving multiple factors.

AsstrA Fashion and Beauty Logistics team has the knowledge and experience to help you to obtain customs clearance and arrange delivery for any cosmetic products.

AsstrA offers transportation for natural and decorative cosmetics, haircare products, and skincare products, among other goods.

While planning every shipment we take into account such details as:

- Temperature regime,
- Cargo handling,
- Availability of licenses and certificates.

For our clients we also develop bespoke transport and logistics solutions for shipping cosmetic products.
